

Better value*: More data and included minutes

AT&T Business PassportSM has everything you need to be connected abroad. Add it to your Corporate Responsibility Users' lines of service before they travel so they can use it in over 210 destinations, plus select flights from participating airlines (collectively, "Passport Destinations"). AT&T Business Passport is an affordable option for long trips.

Taxes, fees and other monthly charges extra.

* Compared to previous AT&T Passport offer.

¹ Pay-per-use rates apply when traveling without an international roaming package or in countries not included in package.

² If your domestic plan includes Video Management, it will apply to your international package or feature. For Video Management details, visit att.com/Videofeature.

For a list of included Passport Destinations, go to att.com/globalcountries (see list for International Day Pass[®])

ELIGIBILITY: Available to business and government customers with a qualified AT&T wireless service agreement (**Business Agreement**) and only for qualified Corporate Responsibility User (**CRU**) lines of service. Compatible phone, tablet or other eligible device with domestic postpaid wireless service required.

CHARGES: Monthly recurring charge applies on a per-device basis. Monthly recurring charge will not be prorated if canceled on or after the effective date. Package canceled prior to the effective date will not incur the charge. Package requires a 2-month minimum term commitment.

DESTINATIONS: Includes talk, text, and data coverage in over 210 destinations listed at att.com/globalcountries and on select AeroMobile[®] enabled international flights (each, a **Passport Destination** or, collectively, the **Passport Destinations**). Coverage not available in all areas. Passport Destinations and rates are subject to change without notice.

Mexico and Canada: If you have a domestic plan that includes Mexico or Canada, usage in these countries will not diminish the AT&T Business Passport data or talk allowance or bill AT&T Business Passport calling charges. **Latin America:** If you are an AT&T Business Unlimited Elite customer or other qualified customer with Roam Latin AmericaSM for Business, usage in the included Latin American countries will not diminish the AT&T Business Passport data or talk allowance or bill AT&T Business Passport calling charges. See att.com/latamcountries for a list of included countries. **AeroMobile[®] cellular network on select airlines:** For a list of participating airlines and aircraft, go to aeromobile.net/airlines. Airlines and aircraft are subject to change without notice. Passengers of qualifying airlines are not guaranteed to be on a flight with mobile coverage on their flights. Device must be on, with Airplane Mode and Wi-Fi turned off and data roaming and cellular data turned on, to use the AeroMobile network. AeroMobile service is available only at greater than 200 nautical miles outside of the U.S. border and above 20,000 feet cruising altitude. In the event of satellite interruption or regulatory constraint, AeroMobile services may be disrupted or disabled.

DATA: Actual data speeds vary by device and location. If your domestic plan includes Video Management, or reduces video streaming speed, the same will apply to your AT&T Business Passport package. Data allowance must be used in bill period provided or will be forfeited. **Overage and Data Speeds:** There are no data overage charges. **However, if you use all your AT&T Business Passport package data, all data usage is slowed to a max of 256Kbps for the rest of the bill cycle.** All data usage will be impacted and may not be fully functional.

TALK: For phones only. Talk allowance must be used in bill period provided or will be forfeited. **Overage:** If you use all your AT&T Business Passport minutes, a \$0.25 per minute charge applies to all calls dialed and accepted in Passport Destinations. **Wi-Fi Calling:** With Wi-Fi Calling, you can call back to the U.S. at no additional charge. Calls to other destinations, including the Passport Destination you're in, deplete your AT&T Business Passport talk allowance and may be billed at the Business Passport per minute rate.

UNLIMITED TEXT: For phones only. Applies only to AT&T Short Messaging Service (**SMS**) and Multimedia Messaging Service (**MMS**) and not to other messaging services or applications that use data, such as iMessage. Unless you have a domestic plan that includes unlimited text, messages received in Passport Destinations are charged at your domestic messaging rates.

CRUISE PACKAGES: For devices with an active AT&T Business Passport package and an active AT&T Cruise package, cruise ship cellular usage is rated by the AT&T Cruise package. AT&T Business Passport charges will apply to land usage in AT&T Cruise included destinations.

PAY-PER-USE RATES: Apply when AT&T Business Passport package is removed (unless you add a different international roaming package) and when traveling in destinations not included in AT&T Business Passport.

SERVICE RESTRICTIONS: International use aboard cruise ships and on airlines/flights that are not AeroMobile-enabled is not included. Package is not available for use with wireless home phone services, connected vehicles, or wearables or other connected devices; pay-per-use international rates, found at att.com/intlpprates, will apply. May not be combined with International Day Pass (**IDP**) for Business, similar IDP offers or select other international roaming packages.

GENERAL: Subject to the applicable **Business Agreement**. Availability, quality of coverage, and services while roaming are not guaranteed. International roaming data usage may be at 2G speeds. Additional restrictions may apply.
