Countries are subject to change without notice. Coverage and data speeds vary by country (may be at 3G speed) and may change without notice. Coverage not available in all areas. **Unlimited Talk, Text and Data Usage:** This feature allows you to use data in an included country, make calls between included countries and from included countries to the U.S. and any country included in International Day Pass for Business (IDPB), and send text messages in an included country without roaming charges. **Calls made to included countries while in the U.S. are not included.** Text messages received are rated as domestic. Unlimited text applies only to AT&T Short Messaging Service (SMS) and Multimedia Messaging Service (MMS) and not to other messaging services or applications like iMessage. **Excessive Use/Abuse:** This feature is intended for roaming use by customers with a primary place of use in the DCA during periods of travel to included countries only. Predominantly using your domestic plan in one or more of the included countries may result in this feature being removed from your account. **Incidental Data Usage:** Apps on your device use data even when you may not be aware. **Calls to Non-IDPB Countries:** Calls from included Latin America countries to countries not included in IDPB will get International Long Distance (ILD) charges. For a list of IDPB countries, go to att.com/globalcountries. Pay-per-use rates apply unless you add an ILD package to your device. Rates are subject to change without notice. For details, go to att.com/intcalling. **AT&T Business Passport and Other International Roaming Packages:** For devices with an active recurring Passport, Passport Pro, IDPB, or other international roaming package that also covers the included Latin America countries, this feature will apply in included Latin America countries and will not reduce the existing package's talk, text and/or data allowance or trigger package charges. **Service restrictions:** International use aboard cruise ships and airlines is not included. **INTERNATIONAL DAY PASS (IDP) FOR BUSINESS FOR 7 DAYS AT NO COST:** Compatible phones only. **Availability:** Requires active IDP for Business feature on each line. You can add IDP for Business to the line before your CRU travels or, for CRUs with compatible smartphones only, AT&T will automatically add IDP for Business to the line if (a) the line has no other international feature; (b) the CRU uses the smartphone in an IDP Destination (see att.com/globalcountries) other than Canada, Mexico or an included Roam Latin America for Business country (each, a **Premium Plan Country**); and (c) the CRU incurs at least 5MB in international data roaming usage at pay-per-use rates (see att.com/intlpprates). Once added, IDP for Business will stay on the line until you remove it. **\$0 Daily Fee Days:** Once IDP for Business is added to a line, the standard \$10 daily fee will be reduced to \$0/day for up to 7 days per bill cycle. The first \$0 daily fee day for the line will begin the first time the CRU uses data, makes or receives a call, or sends a text message in an IDP Destination that is not a Premium Plan Country and will cover data, calls and text messages for 24 hours from that initial use; the line will then get up to 6 additional \$0 daily fee days, each triggered when the CRU uses their phone in an IDP Destination that is not a Premium Plan Country. Once a line has exhausted all 7 available \$0 daily fee days for the bill cycle, you'll be charged the standard \$10 daily fee for each additional 24-hour period in the bill cycle in which the CRU uses data, makes or receives a call, or sends a text message in an IDP Destination that is not a Premium Plan Country unless you remove IDP for Business from the line. Text messages received are rated as domestic and do not trigger a \$0 or \$10 daily fee; roaming usage in Mexico, Canada, and the Latin American countries found at att.com/latamcountries do not trigger a \$0 or \$10 daily fee. You will not receive a credit for any unused \$0 daily fee days in a bill cycle. **More Details:** Additional IDPB restrictions apply; see att.com/idpforbiz for details. **PAY-PER-USE RATES:** Apply when traveling in locations not included and/or when you have not added an appropriate international usage package.
